## EDUCATION

---

<b>University of Michigan</b>	<b>Ann Arbor, MI</b>	<b>August 2020 - Present</b>
B.S. in Computer Science		
• GPA: 3.7/4.0 (University Honors)		

## TECHNICAL SKILLS

- 
- HTML, CSS, JavaScript, React, Git, C++

## PROJECTS

### Entertainment App

- Handled a public API to show top trending movies and tv series [shennyj.github.io/EntertainmentReactApi/](https://shennyj.github.io/EntertainmentReactApi/)
- Allowed users to create and edit a custom watch list
- Managed data and components using React and Material UI

### Food Subscription Website

- Created a mock Chinese food subscription website using HTML and CSS [shennyj.github.io/ShenFood/](https://shennyj.github.io/ShenFood/)
- Designed to incentivize customers to purchase a food subscription

### Recipe List App

- Allowed users to customize personalized recipes using React State [shennyj.github.io/reactcookinglist/](https://shennyj.github.io/reactcookinglist/)
- Tested React Context to pass recipe data through components

### Notes App

- Programmed users to edit and delete customized notes using React [shennyj.github.io/ReactNoteApp/](https://shennyj.github.io/ReactNoteApp/)
- Organized React State to store information within components

### Weather App

- Utilized the JavaScript Fetch API to make HTTP requests [shennyj.github.io/reactweatherapp/](https://shennyj.github.io/reactweatherapp/)
- Operated a public weather API to display any city's forecast
